FRM® Part I *Exam Map*

Where the marks are, how the exam works, and a 12-week route to exam day.

100	4h	240	47%
multiple-choice questions	one session	study hours, a typical target	pass rate, Nov 2025 (GARP)

Where the marks are

High priority: the heaviest topics. Weights: GARP 2026 FRM Part I study guide.

> **The two gold topics are 60% of the exam.** Valuation and Risk Models and Financial Markets and Products decide most results. Quant is the toolkit both of them use.

What each topic covers

- **Valuation and Risk Models.** Measure market, credit and operational risk, and value the instruments behind it: VaR, bond and option pricing, stress testing.
- **Financial Markets and Products.** How banks, funds and derivatives markets work, and how each product transfers risk.
- **Quantitative Analysis.** Probability, regression and time-series tools used to model risk.
- **Foundations of Risk Management.** How firms govern risk, CAPM and performance measures, and what went wrong in the classic failures.

Exam windows: FRM Part I runs in May, August and November. Check dates and fees at garp.org.

12-WEEK ROUTE

A plan that follows how topics build on each other

About 20 hours a week. Studying 12 hours a week? Stretch the same order over 20 weeks.

Wk 1–2	**Foundations of Risk Management**	Governance, CAPM and the classic failures. Sets the vocabulary.
Wk 3–5	**Quantitative Analysis**	Probability, regression, time series, simulation.
Wk 6–8	**Financial Markets and Products**	Banks, futures, forwards, swaps, options, MBS.
Wk 9–11	**Valuation and Risk Models**	VaR, bond and option pricing, credit and operational risk.
Wk 12	**Mock exams + review**	Two full mocks under time. Fix the error pattern.

Exam-day rules worth knowing

- **About 2.4 minutes per question.** Flag anything over three minutes and come back.
- **No penalty for wrong answers.** Never leave a question blank.
- **Approved calculators only.** TI BA II Plus or HP 12C models: practise on the one you will use.
- **Formulas are not given.** Know them well enough to rebuild them.

Want this plan built around your exam date?

Book a free 30-minute diagnostic session. We find your weak topics and map your route to exam day. At your home in Abu Dhabi or live online.
